

Dear Soccer Team Coach or Managers:

On behalf of the Covington Youth Soccer Association, your team is invited to participate in the 24th Annual Ozone Invitational Soccer Tournament for recreational and Division 1 teams scheduled for February 26th, 27th, and 28th, 2010. The Friday evening schedule is abbreviated and intended to build in some flexibility for the bracket games. Teams traveling long distances will not be expected to play Friday evening.

Bracketing will be based on team record and tournament success. Single age groups (U11, U12, U13, U14) will be created if possible. A separate rec bracket will be created for age groups that have enough teams (minimum of 4). Rec teams should specify if they prefer to play in Division 1.

Application deadline is February 15th, 2010. Applications will be dated on arrival, and acceptance to the tournament will be on a first come, first served basis.

U10 recreational teams will play a jamboree format: 3 games without a Championship.

FEES ARE \$100.00 for U10's (will play 6v6), \$275.00 FOR U-11's and U-12's (will play 8v8), and \$300 for U-13's and U14's (11 v 11). Awards include T-shirts to all Champions and Finalists and a participation award to all players.

A limited number of tournament shirts will be available for purchase onsite for \$12 each. Preordering shirts with your application is always appreciated (and the shirt fees may be paid at the tournament).

Send your application (available on web site) with check payable to CYSA and signed roster to CYSA, PO Box 1983, Covington, LA 70434. At check-in present your current roster, LSA approved medical consent form (notary not required) and laminated USYSA player passes. Out of state teams will also submit travel permits. PLEASE CHECK IN ONE HOUR PRIOR TO YOUR FIRST GAME.

Schedules will be published on our web site the week of the tournament. Registration deadline is Feb 15th. Reimbursement due to tournament cancellation will be fees less expenses.

Hope to see you after Mardi gras!

Pete Didier

Tournament Director
